# CONFIRM ALL WITH YES UNTIL SOFTWARE IS INSTALLED COMPLETELY.

## WINDOWS 7

For Windows 7 there are two specifications necessary – the pictures are in German language – but the settings are the same in english.

Click at the symbol of software ptx C3 \*\* PTX\_C3\*\* with right mouse button.

Open SETTINGS.

Click the following settings under COMPATIBILITY

- 1. Windows XP and confirm with V
- 2. Deactivation of... confirm with V
